Coils, electric • Particle accelerators • Reflective articles for wear, for the prevention of accidents • Protection devices for personal use against accidents • Clothing for protection against accidents, irradiation and fire • Batteries, electric, for vehicles • Battery jars • Battery boxes • Acidimeters for batteries • Hydrometers • Plates for batteries • Whistle alarms • Acoustic alarms • Acoustic conduits • Phonograph records • Speaking tubes • Actinometers • Adding machines • Aerometers • Enlarging apparatus [photography] • Electro-dynamic apparatus for the remote control of railway points • Magnets • Electromagnetic coils • Air analysis apparatus • Alarms • Alcoholmeters • Alidades • Food analysis apparatus • Igniting apparatus, electric, for igniting at a distance • Batteries for lighting • Height gauges • Asbestos gloves for protection against accidents • Asbestos clothing for protection against fire • Ampere-hour meters • Amplifiers • Amplifiers • Amplifying tubes • Anemometers • Calibrating rings • Fire extinguishing apparatus • Anodes • Anode batteries • Aerials • Anti-glare glasses • Visors for helmets • Anti-interference devices [electricity] • Transformers [electricity] • Apertometers [optics] • Money counting and sorting machines • Distribution boxes [electricity] • Surveying instruments • Surveying chains • Lenses for astrophotography • Thermionic valves • Audiovisual teaching apparatus • Juke boxes, musical • Coin-operated mechanisms • Mechanisms for counter-operated apparatus • Calipers • Comparators • Fire alarms • Automatic indicators of low pressure in vehicle tyres • Protective suits for aviators • Alarm bells, electric • Rods for water diviners • Life-saving rafts • Scales • Meteorological balloons • Demagnetizing apparatus for magnetic tapes • Tape recorders • Magnetic tapes • Barometers • Weighing machines • Weighbridges • Fire beaters • Chargers for electric batteries • Betatrons • Ticket dispensers • Cabinets for loudspeakers • Close-up lenses • Terminals [electricity] • Pressure indicator plugs for valves • Galvanometers • Push buttons for bells • Branch boxes [electricity] • Tone arms for record players • Spirit levels • Punched card machines for offices • Sheaths for electric cables • Frames for photographic transparencies • Circular slide rules • Calculating scales • Calculating devices • Slide calipers • Jigs [measuring instruments] • Blueprint apparatus • Cinematographic cameras • Capillary tubes • Sound recording carriers • Headgear being protective helmets • Respiratory masks, other than for artificial respiration • Solderers' helmets • Spectacle chains • Heat regulating apparatus • Darkrooms [photography] • Boiler control instruments • Drying racks [photography] • Apparatus for editing cinematographic film • Printed circuits • Flashing lights [luminous signals] • Signal bells • Containers for microscope slides • Collectors, electric • Electric installations for the remote control of industrial operations • Switchboxes [electricity] • Commutators • Marine compasses • Eyepieces • Thread counters • Pedometers • Counters • Metronomes • Condensers [capacitors] • Electricity conduits • Circuit closers • Connectors [electricity] • Junction boxes [electricity] • Switchboards • Contacts, electric • Apparatus to check franking • Regulating apparatus, electric • Monitoring apparatus, electric • Speed checking apparatus for vehicles • Current convertors • Photocopiers • Spectacle cords • Spectacle cords • Retorts • Retorts' stands • Correcting lenses [optics] • Objectives [lenses] [optics] • Cosmographic instruments • Diving suits • Electric apparatus for commutation • Switches, electric • Limiters [electricity] • Plugs, sockets and other contacts [electric connections] • Current rectifiers • Cell switches [electricity] • Dressmakers' measures • Crucibles [laboratory] • Appliances for measuring the thickness of leather • Cyclotrons • Counterfeit coin detectors • Shutter releases [photography] • Densimeters • Animated cartoons • Laboratory trays • Metal detectors for industrial or military purposes • Sonars • Detectors • Shutters [photography] • Diaphragms [acoustics] • Centering apparatus for photographic transparencies • Cameras [photography] • Transparencies [photography] • Slide projectors • Slide projectors • Distance measuring apparatus • Dictating machines • Diffraction apparatus [microscopy] • Loudspeakers • Circuit breakers • Record players • Microscopes • Distance recording apparatus • Range finders • Distribution boards [electricity] • Distribution consoles [electricity] • Compasses for measuring • Measures • Measuring apparatus • Dynamometers • Water level indicators • Fire escapes • Flashlights [photography] • Telephone receivers • Fluorescent screens • Projection screens • Workmen's protective face-shields • Screens [photography] • Drainers for use in photography • Electric loss indicators • Measuring devices, electric • Cables, electric • Ducts [electricity] • Control panels [electricity] • Galvanic cells • Connections for electric lines • Couplings, electric • Relays, electric • Relays, electric • Electrolysers • Transmitters of electronic signals • Transmitting sets [telecommunication] • Cleaning apparatus for phonograph records • Sound recording strips • Mileage recorders for vehicles • Mileage recorders for vehicles • Spools [photography] • Mechanical signs • Epidiascopes • Test tubes • Balancing apparatus • Thermostats • Ergometers • Material testing instruments and machines • Egg-candlers • Gauges • Gasoline gauges • Spark-guards • Cases especially made for photographic apparatus and instruments • Testing apparatus not for medical purposes • Refractometers • Exposure meters [light meters] • Invoicing machines • Apparatus for fermentation [laboratory apparatus] • Railway traffic safety appliances • Wires, electric • Magnetic wires • Plumb bobs • Plumb lines • Nets for protection against accidents • Safety nets • Safety tarpaulins • Film cutting apparatus • Filters for respiratory masks • Filters for use in photography • Battery chargers • High-frequency apparatus • Frequency meters • Fuses • Radios • Galena crystals [detectors] • Galvanic batteries • Gloves for protection against accidents • Gloves for divers • Gloves for protection against X-rays for industrial purposes • Gas testing instruments • Gasometers [measuring instruments] • Surveying apparatus and instruments • Levelling staffs [surveying instruments] • Drying apparatus for photographic prints • Glazing apparatus for photographic prints • Rulers [measuring instruments] • Measuring glassware • Screens for photoengraving • Grids for batteries • Clothing for protection against fire • Clothing for protection against fire • Audio- and video-receivers • Holograms • Hygrometers • Identification threads for electric wires • Identification sheaths for electric wires • Life saving apparatus and equipment • Fire hose nozzles • Fire engines • Fire pumps • Slope indicators • Taximeters • Quantity indicators • Vacuum gauges • Speed indicators • Inductors [electricity] • Armatures [electricity] • Data processing apparatus • Mirrors for inspecting work • Intercommunication apparatus • Carriers for dark plates [photography] • Inverters [electricity] • Ionization apparatus not for the treatment of air or water • Peepholes [magnifying lenses] for doors • Hemline markers • Furniture especially made for laboratories • Lactodensimeters • Lactometers • Darkroom lamps [photography] • Optical lanterns • Magic lanterns • Signal lanterns • Lasers, not for medical purposes • Optical lenses • Letter scales • Logs [measuring instruments] • Sounding lines • Magnifying glasses [optics] • Signs, luminous • Neon signs • Spectacles • Prescription eyeglasses • Instruments containing eyepieces • Surveyors' levels • Spectacle lenses • Spectacles • Pressure gauges • Periscopes • Protective masks • Mathematical instruments • Coin-operated mechanisms for television sets • Megaphones • Computer memory devices • Carpenters' rules • Mercury levels • Speed measuring apparatus [photography] • Precision measuring apparatus • Measuring instruments • Meteorological instruments • Rules [measuring instruments] • Micrometer screws for optical instruments • Microphones • Microtomes • Time switches, automatic • Mirrors [optics] • Breathing apparatus for underwater swimming • Nautical apparatus and instruments • Naval signalling apparatus • Navigational instruments • Spectacle frames • Spectacle frames • Batteries, electric • Accumulators, electric • Plumb levels • Levelling instruments • Prisms [optics] • Observation instruments • Octants • Ohmmeters • Wavemeters • Optical apparatus and instruments • Optical glass • Computers • Computer programs, recorded • Oscillographs • Oxygen transvasing apparatus • Ozonisers [ozonators] • Micrometers • Signalling panels, luminous or mechanical • Lightning conductors • Parking meters • Apparatus and instruments for astronomy • Apparatus for measuring the thickness of skins • Acid hydrometers • Weighing apparatus and instruments • Salinometers • Washing trays [photography] • Stands for photographic apparatus • Stands for photographic apparatus • Viewfinders, photographic • Photometers • Phototelegraphy apparatus • Apparatus and instruments for physics • Steering apparatus, automatic, for vehicles • Pince-nez • Laboratory pipettes • Plane tables [surveying instruments] • Planimeters • Ear plugs for divers • Bells [warning devices] • Weights • Polarimeters • Radiotelephony sets • Radiotelegraphy sets • Pressure measuring apparatus • Pressure indicators • Projection apparatus • Cathodic anti-corrosion apparatus • Teeth protectors • Pyrometers • Radar apparatus • Vehicle radios • Radiological apparatus for industrial purposes • Protractors [measuring instruments] • Apparatus and installations for the production of X-rays, not for medical purposes • X-ray tubes not for medical purposes • X-ray tubes not for medical purposes • Protection devices against X-rays, not for medical purposes • Telephone apparatus • Refractors • X-ray apparatus not for medical purposes • Spectroscopes • Resistances, electric • Thermometers, not for medical purposes • Respirators for filtering air • Breathing apparatus, except for artificial respiration • Rheostats • Balances [steelyards] • Signals, luminous or mechanical • Saccharometers • Probes for scientific purposes • Satellites for scientific purposes • Diaphragms for scientific apparatus • Teaching apparatus • Choking coils [impedance] • Wire connectors [electricity] • Locks, electric • Sextants • Signalling whistles • Vehicle breakdown warning triangles • Electro-dynamic apparatus for the remote control of signals • Simulators for the steering and control of vehicles • Sirens • Sound transmitting apparatus • Sound recording apparatus • Sound reproduction apparatus • Sounding apparatus and machines • Sounding leads • Sound locating instruments • Spectrograph apparatus • Spherometers • Stereoscopes • Stereoscopic apparatus • Needles for record players • Sulfitometers • Teletyping • Tachometers • Screw-tapping gauges • Telegraphs [apparatus] • Television apparatus • Telegraph wires • Remote control apparatus • Masts for wireless aerials • Teleprompters • Telephone transmitters • Telerupters • Binoculars • Telescopes • Temperature indicators • Time recording apparatus • Theodolites • Thermostats for vehicles • Totalizators • Revolution counters • Speed regulators for record players • Transmitters [telecommunication] • Precision balances • Marking gauges [joinery] • Vacuum tubes [radio] • Urinometers • Variometers • Verniers • Videotapes • Viscosimeters • Theft prevention installations, electric • Voltage regulators for vehicles • Voting machines • Voltmeters • Apparatus for changing record player needles • Stills for laboratory experiments • Fuse wire • Anticathodes • Dog whistles • Sighting telescopes for firearms • Sighting telescopes for firearms • Burglar alarms • Azimuth instruments • Beacons, luminous • Beacons, luminous • Holders for electric coils • Films, exposed • Road signs, luminous or mechanical • Life buoys • Signalling buoys • Buzzers • Compasses for measuring • Fog signals, non-explosive • Cash registers • Radiology screens for industrial purposes • Identity cards, magnetic • Photovoltaic cells • Densitometers • Disks, magnetic • Floppy disks • Head cleaning tapes [recording] • Video recorders • Computer keyboards • Integrated circuits • Semi-conductors • Chips [integrated circuits] • Cathodes • Life jackets • Life belts • Lifebelts • Chemistry apparatus and instruments • Cinematographic film, exposed • Cinematographic film, exposed • Materials for electricity mains [wires, cables] • Contact lenses • Containers for contact lenses • Incubators for bacteria culture • Solar batteries • Copper wire, insulated • Discharge tubes, electric, other than for lighting • Discharge tubes, electric, other than for lighting • Diaphragms [photography] • Distillation apparatus for scientific purposes • Dosage dispensers • Electronic doorbells • Spectacle cases • Furnaces for laboratory use • Furnaces for laboratory use • Optical fibres [light conducting filaments] • Optical fibres [light conducting filaments] • Telephone wires • X-ray films, exposed • X-ray films, exposed • Filters for ultraviolet rays, for photography • Horns for loudspeakers • Tripods for cameras • Bar code readers • Bullet-proof waistcoats • Bullet-proof waistcoats • Marking buoys • Wafers for integrated circuits • Chromatography apparatus for laboratory use • Chronographs [time recording apparatus] • Compact discs [audio-video] • Compact discs [read-only memory] • Computer operating programs, recorded • Computer peripheral devices • Computer software, recorded • Optical condensers • Acoustic couplers • Couplers [data processing equipment] • Decompression chambers • Plotters • Divers' masks • Electronic pens [visual display units] • Encoded magnetic cards • Facsimile machines • Fire boats • Interfaces for computers • Juke boxes for computers • Knee-pads for workers • Light dimmers [regulators], electric • Magnetic data media • Magnetic encoders • Magnetic tape units for computers • Microprocessors • Modems • Monitors [computer hardware] • Monitors [computer programs] • Mouse [computer peripheral] • Optical readers • Optical data media • Optical discs • Printers for use with computers • Processors [central processing units] • Readers [data processing equipment] • Safety restraints, other than for vehicle seats and sports equipment • Scanners [data processing equipment] • Surveillance cameras •

processing units] • Readers [data processing equipment] • Safety restraints, other than for vehicle seats and sports equipment • Scanners [data processing equipment] • Surveillance cameras • Transistors [electronic] • X-ray photographs, other than for medical purposes • Junction sleeves for electric cables • Abacuses • Electronic agendas • Answering machines • Camcorders • Cassette players • Compact disc players • Diagnostic apparatus, not for medical purposes • Disk drives for computers • Electrified rails for mounting spot lights • Electronic pocket translators • Electronic tags for goods • Fire blankets • Flashlights [photography] • Integrated circuit cards [smart cards] • Measuring spoons • Notebook computers • Electronic notice boards • Pocket calculators • Shoes for protection against accidents, irradiation and fire • Sprinkler systems for fire protection • Starter cables for motors • Sunglasses • Time clocks [time recording devices] • Video cassettes • Video game cartridges • Video screens • Video telephones • Goggles for sports • Nose clips for divers and swimmers • Protective helmets for sports • Electronic publications, downloadable • Computer programs, downloadable • Navigation apparatus for vehicles [on-board computers] • Decorative magnets • Radiotelephones • Mouse pads • Personal stereos • Wrist rests for use with computers • Coaxial cables • Fibre optic cables • Fibre optic cables • Covers for electric outlets • Marine depth finders • Electrified fences • Games software • Headsets • Lighting ballasts • Radio pagers • Satellite navigational apparatus • Solenoid valves [electromagnetic switches] • Voltage surge protectors • Walkie-talkies • Wind socks for indicating wind direction • Light-emitting electronic pointers • Resuscitation mannequins [teaching apparatus] • Mannequins (Resuscitation -) [teaching apparatus] • Mannequins (Resuscitation -) [teaching apparatus] • Stage lighting regulators • Egg timers [sandglasses] • Egg timers [sandglasses] • DNA chips • DVD players • Cash cards [encoded] • Automated teller machines [ATM] • Traffic-light apparatus [signalling devices] • Hands-free kits for telephones • Asbestos screens for firemen • Riding helmets • Clothing especially made for laboratories • Clothing especially made for laboratories • Encoded identification bracelets, magnetic • Transponders • Downloadable ring tones for mobile phones • Downloadable music files • Downloadable image files • Crash test dummies • Laboratory centrifuges • Printed circuit boards • USB flash drives • Global Positioning System [GPS] apparatus • Portable media players • Cell phone straps • Light-emitting diodes [LED] • Triodes • Step-up transformers • Laptop computers • Fire hose • Bags adapted for laptops • Sleeves for laptops • Digital photo frames • Petri dishes • Pitot tubes • Stroboscopes • Traffic cones • Temperature indicator labels, not for medical purposes • Computer software applications, downloadable • Electronic book readers • Smartphones • Toner cartridges, unfilled, for printers and photocopiers • Baby monitors • Video baby monitors • Lens caps • Tablet computers • Encoded key cards • 3D spectacles • Memory cards for video game machines • Bullet-proof clothing • Accelerometers • Electrical adapters • Life-saving capsules for natural disasters • Computer hardware • Solar panels for the production of electricity • Mobile telephones • Mobile telephones • Mobile telephones • Telescopic sights for artillery • Digital signs • Wearable activity trackers • Chargers for electronic cigarettes • Connected bracelets [measuring instruments] • Covers for smartphones • Cases for smartphones • Selfie sticks [hand-held monopods] • Calorimeters • Flowmeters • Reflective safety vests • Electronic collars to train animals • Joysticks for use with computers, other than for video games • Smartglasses • Smartwatches • Fire extinguishing apparatus • Protective films adapted for computer screens • Mouth guards for sports • Head guards for sports • Needles for surveying compasses • Security tokens [encryption devices] • Infrared detectors • Covers for personal digital assistants [PDAs] • Baby scales • Electronic access control systems for interlocking doors • Thermal imaging cameras • Scales with body mass analysers • Covers for tablet computers • Black boxes [data recorders] • Digital weather stations • Charging stations for electric vehicles • Interactive touch screen terminals • Smart rings • Electric and electronic effects units for musical instruments • Audio interfaces • Equalizers [audio apparatus] • Subwoofers • Bathroom scales • Thermo-hygrometers • Biochips • Protective films adapted for smartphones • Virtual reality headsets • Electronic interactive whiteboards • Humanoid robots with artificial intelligence • Audio mixers • Batteries for electronic cigarettes • Electronic key fobs being remote control apparatus • Electronic sheet music, downloadable • T-squares for measuring • Squares for measuring • Square rulers for measuring • Electronic numeric displays • Laboratory robots • Teaching robots • Security surveillance robots • Personal digital assistants [PDAs] • Computer software platforms, recorded or downloadable • Satellite finder meters • Ring sizers • Finger sizers • Thin client computers • Rearview cameras for vehicles • Hand-held electronic dictionaries • Resuscitation training simulators • Electric wire harnesses for automobiles • Snorkels • Sports whistles • Computer screen saver software, recorded or downloadable • Selfie lenses • Downloadable graphics for mobile phones • Telecommunication apparatus in the form of jewellery • Telecommunication apparatus in the form of jewellery • Wearable video display monitors • Magnetic resonance imaging [MRI] apparatus, not for medical purposes • Rescue laser signalling flares • Ink cartridges, unfilled, for printers and photocopiers • Wah-wah pedals • Height measuring instruments • Devices for the projection of virtual keyboards • Hairdressing training heads [teaching apparatus] • Survival blankets • Lifeboats • Nanoparticle size analysers • Nanoparticle size analysers • Ear pads for headphones • Data gloves • Trackballs [computer peripherals] • Downloadable emoticons for mobile phones • Telepresence robots • Climate control digital thermostats • Piezoelectric sensors • Organic light-emitting diodes [OLED] • Quantum dot light-emitting diodes [QLED] • Droppers for measuring, other than for medical or household purposes • Electric sockets • Computer game software, downloadable • Rescue flares, non-explosive and non-pyrotechnic • Stands adapted for laptops • Headgear being protective helmets

Abdominal belts • Hypogastric belts • Abdominal corsets • Childbirth mattresses • Hearing aids • Hearing aids • Ear trumpets • Clips, surgical • Needles for medical purposes • Suture needles • Pessaries • Hot air therapeutic apparatus • Hot air vibrators for medical purposes • Draw-sheets for sick beds • Sheets for incontinents • Catheters • Nursing appliances • Radium tubes for medical purposes • Teething rings • Bandages for joints, anatomical • Splints, surgical • Bandages, elastic • Galvanic belts for medical purposes • X-ray apparatus for medical purposes • Bed pans • Basins for medical purposes • Obstetric apparatus for cattle • Feeding bottles • Knives for surgical purposes • Scalpels • Boots for medical purposes • Surgical bougies • Spittoons for medical purposes • Catgut • Stretchers, wheeled • Stretchers, wheeled • Ambulance stretchers • Orthopedic articles • Trusses • Arch supports for footwear • Strait jackets • Cannulae • Gloves for medical purposes • Appliances for washing body cavities • Belts for medical purposes • Maternity belts • Orthopaedic belts • Dentists' armchairs • Castrating pincers • Heating cushions, electric, for medical purposes • Orthopaedic footwear • Orthopaedic footwear • Artificial teeth • Surgical sponges • Surgical apparatus and instruments • Instrument cases for use by doctors • Thread, surgical • Anaesthetic apparatus • Scissors for surgery • Thermo-electric compresses [surgery] • Compressors [surgical] • Droppers for medical purposes • Callus cutters • Esthetic massage apparatus • Cushions for medical purposes • Surgical cutlery • Incubators for medical purposes • Spoons for administering medicine • Tongue scrapers • Ear picks • Dental burs • Dental apparatus and instruments • Pins for artificial teeth • Dental prostheses • Lancets • Mirrors for dentists • Finger guards for medical purposes • Syringes for injections • Drainage tubes for medical purposes • Water bags for medical purposes • Radiology screens for medical purposes • Electrocardiographs • Probes for medical purposes • Pumps for medical purposes • Blood testing apparatus • Armchairs for medical or dental purposes • Dropper bottles for medical purposes • Forceps • Galvanic therapeutic appliances • Gloves for massage • Gastroscopes • Ice bags for medical purposes • Haemocytometers • Waterbeds for medical purposes • Waterbeds for medical purposes • Hypodermic syringes • Abdominal pads • Inhalers • Injectors for medical purposes • Soporific pillows for insomnia • Urological apparatus and instruments • Insufflators • Enema apparatus for medical purposes • Ultraviolet ray lamps for medical purposes • Lasers for medical purposes • Breast pumps • Lamps for medical purposes • Vaporizers for medical purposes • Urinals being vessels • Artificial jaws • Anaesthetic masks • Massage apparatus • Medical apparatus and instruments • Receptacles for applying medicines • Cases fitted for medical instruments • Artificial limbs • Mirrors for surgeons • Furniture especially made for medical purposes • Obstetric apparatus • Umbilical belts • Ophthalmometers • Ophthalmoscopes • Hearing protection devices • Artificial skin for surgical purposes • Tips for crutches • Balling guns • Balling guns • Condoms • Sphygmotensiometers • Sphygmotensiometers • Quartz lamps for medical purposes • Apparatus and installations for the production of X-rays, for medical purposes • X-ray photographs for medical purposes • Radiological apparatus for medical purposes • Radiotherapy apparatus • Resuscitation apparatus • X-ray tubes for medical purposes • Protection devices against X-rays, for medical purposes • Respirators for artificial respiration • Apparatus for artificial respiration • Saws for surgical purposes • Artificial breasts • Uterine syringes • Vaginal syringes • Stethoscopes • Dummies for babies • Dummies for babies • Supports for flat feet • Apparatus for the treatment of deafness • Suspensory bandages • Suture materials • Operating tables • Trocars • Urethral probes • Urethral syringes • Cupping glasses • Veterinary apparatus and instruments • Bed vibrators • Vibromassage apparatus • Artificial eyes • Aerosol dispensers for medical purposes • Air pillows for medical purposes • Air cushions for medical purposes • Air mattresses for medical purposes • Syringes for medical purposes • Elastic stockings for surgical purposes • Stockings for varices • Crutches • Feeding bottle valves • Feeding bottle teats • Orthopaedic soles • Sterile sheets, surgical • Beds specially made for medical purposes • Electrodes for medical use • Belts, electric, for medical purposes • Physical exercise apparatus for medical purposes • Incubators for babies • Brushes for cleaning body cavities • Dental apparatus, electric • Testing apparatus for medical purposes • Filters for ultraviolet rays, for medical purposes • Fumigation apparatus for medical purposes • Corsets for medical purposes • Contraceptives, non-chemical • Blankets, electric, for medical purposes • Hair prostheses • Knee bandages, orthopaedic • Lenses [intraocular prostheses] for surgical implantation • Pads for preventing pressure sores on patient bodies • Physical therapy equipment • Spirometers [medical apparatus] • Thermometers for medical purposes • Acupuncture needles • Clothing especially for operating rooms • Diagnostic apparatus for medical purposes • Electric acupuncture instruments • Heart pacemakers • Invalids' hoists • Masks for use by medical personnel • Plaster bandages for orthopaedic purposes • Surgical drapes • Surgical implants consisting of artificial materials • Thermal packs for first aid purposes • Commode chairs • Defibrillators • Dialyzers • Medical guidewires • Orthodontic appliances • Traction apparatus for medical purposes • Containers especially made for medical waste • Slings [supporting bandages] • Douche bags • Love dolls [sex dolls] • Microdermabrasion apparatus • Body rehabilitation apparatus for medical purposes • Pulse meters • Pulse meters • Stents • Ear plugs [ear protection devices] • Temperature indicator labels for medical purposes • Walking frames for disabled persons • Tomographs for medical purposes • Apparatus for acne treatment • Lice combs • Quad canes for medical purposes • Endoscopy cameras for medical purposes • Heart rate monitoring apparatus • Compression garments • Sex toys • Brain pacemakers • Implantable subcutaneous drug delivery devices • Biodegradable bone fixation implants • Tongue depressors for medical purposes • Nasal aspirators • Teeth protectors for dental purposes • Menstrual cups • Respiratory masks for artificial respiration • Orthodontic rubber bands • Analysers for bacterial identification for medical purposes • Apparatus for DNA and RNA testing for medical purposes • Apparatus for the regeneration of stem cells for medical purposes • Body fat monitors • Body composition monitors • Toe separators for orthopaedic purposes • Anti-rheumatism bracelets • Anti-rheumatism bracelets • Anti-rheumatism rings • Anti-rheumatism rings • Bracelets for medical purposes • Surgical robots • Baby feeding dummies • Baby feeding dummies • Anti-nausea wristbands • Wheeled walkers to aid mobility • Hydrogen inhalers • Magnetic resonance imaging [MRI] apparatus for medical purposes • Air beds for medical purposes • Cooling patches for medical purposes • Cooling pads for first aid purposes • Portable hand-held urinals • Walking sticks for medical purposes • Walking sticks for medical purposes • Robotic exoskeleton suits for medical purposes • Acupressure bands • Clips for dummies • Dummy clips • Cholesterol meters • Patient examination gowns • Biomagnetic rings for therapeutic or medical purposes •
